

EXCITING DEVELOPMENTS AT CIRENCESTER TOWN FC

Cirencester Town FC has secured sponsorship for the next season from Sports Solutions GB, which will enable the club to continue its development as a community hub.

Instead of taking a well-earned break this summer following its reprieve from relegation, Cirencester Town FC is using the opportunity to develop its programme and improve the facilities for the local community.

As well as announcing a whole new management team with Adi Viveash taking over as manager and Paul Hunt as assistant manager, the club is undergoing radical refurbishment and a new bar and functions manager has been appointed to increase the number of events held at the club.

The sponsorship from Sports Solutions GB has helped the club to attract better players, quality management and improve the facilities, which in turn encourages the wider community to become involved with the club.

Steve Abley, chairman of Cirencester Town FC, said, "For the first time, this year our junior section is full with 300 members. We have teams in every age group from 5 – 18 years and we are in the process of developing an under 16's girls team.

"Another first is the formation of a disabled team who will use the arena to play a seven-a-side game. We are hoping that this will be a great success next season and will allow us to offer further teams in the future.

"Sports Solutions GB sponsorship is essential for us to develop facilities and pay for kit and equipment for the juniors that we could not otherwise afford. They have been on board since the start of the development of our club and we are grateful for their continued support."

-MORE-

Fraser Digby, business development manager for Sports Solutions GB said: “We are excited to be sponsoring Cirencester Town FC; it is a forward thinking club who will use this funding to allow it to continue to develop as an important centre for the community.”
